

The Sports Training Management Platform Built by Coaches

# Stop Losing Revenue to Outdated Scheduling and Payment Systems

Skedence helps volleyball, basketball, and sports training businesses streamline operations, increase bookings, and grow revenue with purpose-built technology.

## Are These Pain Points Killing Your Business?

- ✗ Spending hours manually scheduling lessons and managing cancellations
- ✗ Losing 15-20% of revenue to expensive platform fees and payment processors
- ✗ Clients frustrated with clunky, generic fitness apps not built for sports training
- ✗ No easy way for clients to book multi-athlete private lessons (2-4 athletes)
- ✗ Administrative overhead eating into valuable coaching time

### **Native Mobile Apps**

Beautiful iOS apps for clients and admins. Real-time booking, instant notifications, and offline capability.

### **Simple Subscription**

Keep 100% of your revenue. Simple monthly subscription starting at \$29/month. No hidden charges or revenue sharing.

### **Multi-Athlete Lessons**

Purpose-built for sports training. Book 1, 2, 3, or 4 athletes per session with flexible pricing tiers.

### **Real-Time Everything**

Live availability updates. Instant booking confirmations. No more double-bookings or scheduling conflicts.

### **100% White-Label**

Your brand, your colors, your logo. Apps published under your Apple account. No "Powered by" branding.

### **Revenue Analytics**

Track bookings, revenue, client growth, and trainer performance with beautiful real-time dashboards.
